EXPERIENCE

Web Developer - *Agent Elite, Inc.*

April 2022 - May 2024

- **Problem-solving:** Automated and optimized processes, reducing manual workload through Salesforce integrations with systems like Stripe, Mailchimp, and Facebook using RESTful APIs.
- **Collaboration and adaptability:** Partnered with cross-functional teams to gather requirements, deliver tailored software solutions, and improve existing business processes.
- **Custom software solutions:** Built and customized Salesforce applications using Apex, Lightning Web Components, and SOQL to streamline workflows.
- **Full-stack development:** Managed a multisite WordPress network utilizing PHP, JavaScript, React, HTML, and CSS to support scalable and responsive designs.
- **Software Development Lifecycle:** Participated in requirements gathering, design, coding, testing, debugging, code reviews, deployment, and documentation (technical and non-technical) for various software solutions.

SKILLS

- **Programming Languages:** JavaScript, TypeScript, SQL, PHP, Java, Python
- **Libraries & Frameworks:** Node.js, React, Next.js, Express, Bootstrap, jQuery, TailwindCSS, Redux
- **Tools:** Git, NPM, Vite, Postman, Firebase, Vercel, Salesforce
- **Database Management:** MongoDB, MySQL, Prisma
- **Other Skills:** Agile Methodologies, Object-Oriented Programming, Responsive Design, HTML, CSS

PROJECTS

Media Tracker App - [Repository](#) | [View Live](#)

- Managing media across multiple platforms requires users to maintain separate accounts, which can be tedious and time-consuming. To address this inconvenience, I created a full-stack app that centralizes media tracking, allowing users to manage all their media in one place. It features a dashboard with insights into media consumption, search, and filter functionalities. To reduce manual entry, users can import media lists via CSV.
- Developed API endpoints using Node.js and Express to handle user data securely.
- **Built with:** Node.js, Express, React, MongoDB, Redux, TailwindCSS, Firebase, Recharts

EDUCATION

Associate of Science in Computer Science - *Palomar College*

Expected May 2026

Web Development Certificate of Achievement - *Palomar College*

Aug. 2020 - July 2021
